

## CANADIAN TRIPLE CROWN HEIFER FUTURITY

The CTLA launched its new venture to showcase registered yearling heifers on April 18th. This year the association will be hosting their first "Canadian Triple Crown Heifer Futurity" using three locations, Saskatoon in April, Red Deer in July and Ponoka in September. The heifers will be judged and points accumulated for the overall year end award. Animals must be TLBAA or ITLA registered and the owner's active members in their registry and CTLA members in good standing. The heifers will be shown loose and will be placed in classes based on age.

In Saskatoon, 21 heifers were entered and they were divided into two classes, March-April with 11 entries and May-June with 10 entries. Two judges evaluated the animals, Chad Haaland of Hanley, Saskatchewan and Barry Thiessen from Borden, Saskatchewan. Payouts were based on entry fees and monies paid to 4th place. It was a well attended event as people were interested in seeing the yearling heifers judged prior to the association's spring sale. The following are the results from the Saskatoon portion of the Triple Crown:

### March/April

1. 7A Centerfold 4/23- Allemand Ranches Shaunavon, Sask.
2. RG Presumed Innocent 44B- Clinton Bezan, Rimbey, Alberta
3. Minobii 34- Double D Arena, Outlook, Sask.
4. SC Red Fire- Cliff Begg, Sun Creek Ranches, Alberta
